AEDS JOURNAL SUBJECT INDEX

Volume 18, Numbers 1-4
September 1984 through June 1985

Achievement
Dalton, D.W., & Hannafin, M.J. "Examining the effects of varied computer-based reinforcement on self-esteem and achievement: An exploratory study." 18:3:172-182.
Webb, N.M. "Cognitive requirments of learning: Computer programming in group and individual settings." 18:3:183-194.

Administrative Applications
Brown, D.J. "The change to administrative computing in schools." 18:1:17-30.

Affective needs
Wedman, J., & Heller, M. "Concerns of teaching about educational computing." 18:1:31-40.

Analogy
Pohl, H.L., & Nutter, J.T. "Use of analogy in computer language acquisition." 18:4:254-266.

Aptitude
Webb, N.M. "Cognitive requirments of learning: Computer programming in group and individual settings." 18:3:183-194.

Attitudes
Dalton, D.W., & Hannafin, M.J. "Examining the effects of varied computer-based reinforcement on self-esteem and achievement: An exploratory study." 18:3:172-182.
Griswold, P.A. "Differences between education and business majors in their attitudes about computers." 18:3:131-138.
Loyd, B.H., & Gressard, C. "The effects of sex, age, and computer experience on computer attitudes." 18:2:67-77.
Marion, R.A. "Computers in elementary education: Some social and logistical considerations." 18:2:78-86.

Business Administration
Willits, S., & Clancy, D.K. "Computer usage and studente performance." 18:21:87-94.

Cognitive Skills
Griswold, P.A. "Differences between education and business majors in their attitudes about computers." 18:3:131-138.

Cognitive Style
Nutter, J.T., & Hassell, J. "Programming schemes in program understanding and maintenance: An introduction." 18:3:195-206.

Computer-Assisted Instruction
Dalton, D.W., & Hannafin, M.J. "Examining the effects of varied computer-

based reinforcement on self-esteem and achievement: An exploratory study." 18:3:172-182.
Fusilier, M.R. "An evaluation of computer-assisted instruction for learning business statistics." 18:4:237-242.
Gold, P.C. "Educational software—new guidelines for development." 18:1:41-50.
Hativa, N. "Designing Flexible Software for the 'electronic board'." 18:1:51-62.
Rubincam, I., & Olivier, W.P. "An Investigation of limited learner-control options in a CAI mathematics course." 18:4:211-226.
Mays, M. "Computer utilization studies in higher education: Perception vs. realities." 18:2:106-112.
Schloss, C.N., Schloss, P.J., & Cartwright, G.P. "Location of questions and highlights on the same page or a following page as a variable in computer assisted instruction." 18:2:113-122.

Computer Literacy

Anderson, Cheryl A., & Smith, R.L. "Instructional Computing Patterns in Texas schools; Implications for teacher training." 18:1-16.
Bitter, G.G., Davis, S.J. "Measuring the development of computer literacy among teachers." 18:4:243-253.
Cheng, T.T., Plake, B., & Stevens, D.J. "A validation study of the computer literacy examination: Cognitive aspect." 18:3:139-152.
Gabriel, R.M. "Assessing computer literacy: A validated instrument and empirical results." 18:3:153-171.
Griswold, P.A. "Differences between education and business majors in their attitudes about computers." 18:3:131-138.
Marion, R.A. "Computers in elementary education: Some social and logistical considerations." 18:2:78-86.
Wedman, J., & Heller, M. "Concerns of teaching about educational computing." 18:1:31-40.

Computer Utilization

Mays, M. "Computer utilization studies in higher education: Perception vs. realities." 18:2:106-112.
Willits, S., & Clancy, D.K. "Computer usage and studente performance." 18:21:87-94.

Courseware

Bialo, E.R., & Erickson, L.B. "Microcomputer courseware: Characteristics and design trends." 18:4:227-236.
Dunsmore, G.A. "Readability assessments of elementary level microcomputer courseware."18:4:267-276.
Gold, P.C. "Educational software—new guidelines for development." 18:1:41-50.

Evaluation

Stecher, B. "Improving computer inservice training programs for teachers." 18:2:95-105.

Higher Education
Griswold, P.A. "Differences between education and business majors in their attitudes about computers." 18:3:131-138.
Mays, M. "Computer utilization studies in higher education: Perception vs. realities." 18:2:106-112.
Schloss, C.N., Schloss, P.J., & Cartwright, G.P. "Location of questions and highlights on the same page or a following page as a variable in computer assisted instruction." 18:2:113-122.
Inservice Training
Marion, R.A. "Computers in elementary education: Some social and logistical considerations." 18:2:78-86.
Stecher, B. "Improving computer inservice training programs for teachers." 18:2:95-105.
Wedman, I., & Heller, M. "Concerns of teaching about educational computing." 18:1:31-40.
Instructional Computing
Anderson, Cheryl A., & Smith, R.L. "Instructional Computing Patterns in Texas schools; Implications for teacher training." 18:1-16.
Hativa, N. "Designing Flexible Software for the 'electronic board'."18:1:51-62.
Learner Control
Rubincam, I., & Olivier, W.P. "An Investigation of limited learner-control options in a CAI mathematics course." 18:4:211-226.
Mathematics
Rubincam, I., & Olivier, W.P. "An Investigation of limited learner-control options in a CAI mathematics course." 18:4:211-226.
Office Automation
Brown, D.J. "The change to administrative computing in schools." 18:1:17-30.
Problem Solving
Nutter, J.T., & Hassell, J. "Programming schemes in program understanding and maintenance: An introduction." 18:3:195-206.
Programming
Collins, R.W., & White, K.B. "An investigation of componential skill relationships in programming." 18:2:123-129.
Nutter, J.T., & Hassell, J. "Programming schemes in program understanding and maintenance: An introduction." 18:3:195-206.
Pohl, H.L., & Nutter, J.T. "Use of analogy in computer language acquisition." 18:4:254-266.
Webb, N.M. "Cognitive requirments of learning: Computer programming in group and individual settings." 18:3:183-194.
Readability
Dunsmore, G.A. "Readability assessments of elementary level microcomputer courseware." 18:4:267-276.

Research
Loyd, B.H., & Gressard, C. "The effects of sex, age, and computer experience on computer attitudes." 18:2:67-77.
Screen Format
Schloss, C.N., Schloss, P.J., & Cartwright, G.P. "Location of questions and highlights on the same page or a following page as a variable in computer assisted instruction." 18:2:113-122.
Software Design
Bialo, E.R., & Erickson, L.B. "Microcomputer courseware: Characteristics and design trends." 18:4:227-236.
Gold, P.C. "Educational software—new guidelines for development." 18:1:41-50.
Hativa, N. "Designing Flexible Software for the 'electronic board'." 18:1:51-62.
Nutter, J.T., & Hassell, J. "Programming schemes in program understanding and maintenance: An introduction." 18:3:195-206.
Software Evaluation
Bialo, E.R., & Erickson, L.B. "Microcomputer courseware: Characteristics and design trends." 18:4:227-236.
Dunsmore, G.A. "Readability assessments of elementary level microcomputer courseware." 18:4:267-276.
Statistics
Fusilier, M.R. "An evaluation of computer-assisted instruction for learning business statistics." 18:4:237-242.
Student Perforamnce
Willits, S., & Clancy, D.K. "Computer usage and studente performance." 18:21:87-94.
Teaching Methods
Pohl, H.L., & Nutter, J.T. "Use of analogy in computer language acquisition." 18:4:254-266.
Teacher Training
Anderson, Cheryl A., & Smith, R.L. "Instructional Computing Patterns in Texas schools; Implications for teacher training." 18:1-16.
Bitter, G.G., Davis, S.J. "Measuring the development of computer literacy among teachers." 18:4:243-253.
Stecher, B. "Improving computer inservice training programs for teachers." 18:2:95-105.
Technology Change
Brown, D.J. "The change to administrative computing in schools." 18:1:17-30.
Testing
Cheng, T.T., Plake, B., & Stevens, D.J. "A validation study of the computer literacy examination: Cognitive aspect." 18:3:139-152.
Gabriel, R.M. "Assessing computer literacy: A validated instrument and empirical results." 18:3:153-171.

AEDS JOURNAL AUTHORS INDEX

Volume 18, Numbers 1-4
September 1984 through June 1985

Anderson, C.A. "Instructional Computing Patterns in Texas schools; Implications for teacher training." 18:1-16.

Bialo, E.R. "Microcomputer courseware: Characteristics and design trends." 18:4:227-236.

Bitter, G.G. "Measuring the development of computer literacy among teachers." 18:4:243-253.

Brown, D.J. "The change to administrative computing in schools." 18:1:17-30.

Cartwright, G.P. "Location of questions and highlights on the same page or a following page as a variable in computer assisted instruction." 18:2:113-122.

Cheng, T.T. "A validation study of the computer literacy examination: Cognitive aspect." 18:3:139-152.

Clancy, D.K. "Computer usage and studente performance." 18:21:87-94.

Collins, R.W. "An investigation of componential skill relationships in programming." 18:2:123-129.

Dalton, D.W. "Examining the effects of varied computer-based reinforcement on self-esteem and achievement: An exploratory study." 18:3:172-182.

Davis, S.J. "Measuring the development of computer literacy among teachers." 18:4:243-253.

Dunsmore, G.A. "Readability assessments of elementary level microcomputer courseware." 18:4:267-276.

Erickson, L.B. "Microcomputer courseware: Characteristics and design trends." 18:4:227-236.

Fusilier, M.R. "An evaluation of computer-assisted instruction for learning business statistics." 18:4:237-242.

Gabriel, R.M. "Assessing computer literacy: A validated instrument and empirical results." 18:3:153-171.

Gold, P.C. "Educational software—new guidelines for development." 18:1:41-50.

Gressard, C. "The effects of sex, age, and computer experience on computer attitudes." 18:2:67-77.

Griswold, P.A. "Differences between education and business majors in their attitudes about computers." 18:3:131-138.

Hannafin, M.J. "Examining the effects of varied computer-based reinforcement on self-esteem and achievement: An exploratory study." 18:3:172-182.

Hassell, J. "Programming schemes in program understanding and maintenance: An introduction." 18:3:195-206.
Hativa, N. "Designing Flexible Software for the 'electronic board'." 18:1:51-62.
Heller, M. "Concerns of teaching about educational computing." 18:1:31-40.
